

# *A20 Base Mount*

WORKSPACE PRODUCTIVITY TOOLS

Introducing

# *A20 Monitor Mount*

from Integ

*A20* offers the stability of a fixed monitor mount combined with the ability to vertically adjust the monitor with ease.

*A20* responds to the increasing demand for flexibility and adjustability required for evolving activity-based workspace.

*A20* is geared towards optimum ergonomic conditions and health and safety standards.

*The A20 is beautiful in its simplicity and not excessive in any way. In A20, Integ have created for you an aesthetically pleasing and highly functional ergonomic solution that differentiates itself from anything else on the market.*

#### SOLUTION

A20 caters for a range of monitor weights (0-10kg) and allows for fingertip vertical adjustment through a range of 270mm, forward and backwards tilt and 360 degrees of rotation.

#### SUSTAINABILITY

Aluminium meets JIS H 5302 international standards. The highly durable injection moulded parts are a 30% glass fibre reinforced, heat stabilized, hydrolysis resistant polyamide 66 resin. A20 is robust and environmentally friendly.

#### TECHNOLOGY

A20 features high quality spring technology to counterbalance the screen while having simple braking technology to fine tune weight for easy screen adjustment.

#### CABLE MANAGEMENT

Keeping with the modular design theme, the A20 cable clips are based on the Apollo range where they have showed their effectiveness and longevity.

#### SAFETY

Limb limiter accessory is available to restrict the limb moving back beyond the desk edge avoiding damage to any obstructions behind the desk.

#### MODULARITY

Materials were chosen for their functionality and environmental sustainability. Like all Integ products, A20 is modular and flexible. Upgrading from existing Apollo systems to A20 is simple and cost effective.

# Integ A20 Monitor Mount

## FEATURES & BENEFITS

### • USER FRIENDLY ERGONOMIC BENEFITS

Simple fingertip height adjustment allows smooth motion of the monitor to the desired level of the user.

### • ADAPTIBILITY TO CHANGING ENVIRONMENT

Integ A20 continues the Integ design philosophy. This means the styling of A20 is complimentary to the Apollo classic with an abundance of functionality and modularity which hide behind the understated simplicity of the design. Clean lines and organic curves allow A20 to compliment any workspace.

### • CABLE MANAGEMENT

The simple and user-friendly cable management of A20 minimises the hassle and stress of cables that un-plug or restrict the free movement of the monitor.

### • DESIGN FIT FOR MODERN WORKING ENVIRONMENT

Understated simple design, clean lines, and organic curves of the A20 fits any modern workspace design.

### • COMPLEMENTS ACTIVITY BASED WORKSPACES

Integ A20 comes with an abundance of functionality and modularity complementing the needs of growing activity based/co-working workspace design and its users/tenants. Suitable for both static and height adjustable workstations. It also frees up usable desk real estate.

## SPECIFICATIONS

### Available Colours:

White

Silver

Black

### One-touch Vertical Adjustment:

270mm (10.6 in)

### Horizontal Adjustment:

696mm (27.4 in)

### Rotation:

180 degree

### Tilt:

-100 to +45 degrees

### Maximum Screen Weight:

10kg (22 lbs)

### Minimum Screen Weight:

0kg (0 lbs)

### VESA Compliant:

75 x 75 mm & 100 x 100mm

### Recyclable content:

99% (based on weight)

## A20 BASE MOUNT CONFIGURATIONS

### A20 Single Screen Base Mount

- Base dynamic mount with an angled first limb to achieve an ergonomic height range.
- Suitable for 5-95 percentile user height range.

### A20 Dual Screen Base Mount

- Dual assembly is achieved by using 2 x Single screen base mounts.
- Benefit: No limit on screen width and changing the distance between the clamps can allow increased flexibility to adjust the monitors vs a single pole solution.

### A20 Triple Screen Base Mount

- Triple assembly is achieved by using 3 x Single screen base mounts.
- Benefit: No limit on screen width and changing the distance between the clamps can allow increased flexibility to adjust the monitors vs a single pole solution.

## OPTIONAL ACCESSORIES

### ChargeUp (AU/NZ only)

Purpose: Add convenient power options to the A20.

Features: 2 x Power (AU/NZ), 1 x USB-A, 1 x USB-C.

### Laptop Trae

Purpose: Mount a laptop off an A20.

Features: Cooling slots, cable slots, durable sheet metal construction.

### Limiter

Purpose: Limits the arm rotation so it is not able to hit a wall/divider behind the desk.

Features: A20 rotation around the base is limited to 216°.
